Vision Statement

To be a world leader in preparing professionals in the complex global society by providing exemplary educational services.

Mission Statement

We are committed to being the preferred Educational Institution for lifelong learning partnerships, through achieving service and academic excellence for the benefit of all our stakeholders.

Our Values

- We strive to empower people by creating loyalty and integrity.
- We trust and respect each other.
- We believe in developing people for a better future.
- We believe in ethical business practices and creating equal opportunities for all.
- We believe that education is the key to success.
- We are passionate about our students.

Our Objectives

- To create an integrated pyramid of learning programmes.
- To enhance the quality of education and training.
- To develop skills of Botswana Citizens towards improving quality of life.
- To ensure progression within the education and training system.

Message from the Chairman

Welcome to Imperial School of Business and Science (ISBS) Botswana, a citizen owned Tertiary Institute of the 21st century, creative, global and connected. ISBS is a comprehensive multidisciplinary Institute situated in the heart of the city, in the cultural rich city of Gaborone in Botswana, which is well positioned in the Tertiary Industry.

ISBS is accredited by BQA which allows us to rub shoulders with the high and mighty in the Tertiary Education System in Botswana. ISBS offers post graduate qualifications, undergraduate degrees, diplomas, certificates and professional qualifications in a wide range of Business, Management, Science, Health and Accounting courses. In this era of excellence and competition, Imperial School of Business and Science, a leading Institute in the tertiary quality education is doing its

best to be a pillar of the national development by making significant strides in the field of education.

At ISBS, we have a dedicated team of researchers who make sure that the courses offered to our valued students are job oriented and are in high demand in the market. At ISBS, we boast over 20 years of experience, and an undisputable understanding of the local and global needs of job market. ISBS has consistently provided an affordable and quality education to people of all walks of life, with exciting career opportunities to choose from, thus oiling the wheels of economic development in Botswana. I am confident that Botswana will be a Hall Mark of tertiary education in the Knowledge Hub of the world.

With the trends in the globalisation and technological development, one is needed to be equipped with courses which are job market oriented so that the investment of time and money is worthy of appreciation. We at ISBS are doing everything possible to

ensure that our valued students get skills and knowledge which is in high demand, thus our courses are designed in view of market demands.

As the Botswana economy diversifies and develops in all walks of life, ISBS will constantly research to design courses which will meet the needs of growing industry. ISBS is gradually but steadily fulfilling its goals towards the nation's vision; educating Botswana to facilitate competitiveness both in the local and global economies. Furthermore, we are open to welcome the invaluable feedback from all our stakeholders for continued growth of the educational wings at Imperial School of Business and Science where we will be striving for excellence in all walks of education contributing immensely to the development of human resources of this beloved icon of peace in Africa. Our hopes are high and realistic, we will move forward, believing in our stakeholders as one of high importance. I therefore take immense pleasure in welcoming you as one of the family member of the education world of

Imperial School of Business and Science. I hope that the pages of this prospectus will provide you sufficient information that you may need. Further to that, you are always welcome to visit our campus and get in touch with our admission department which is always available to assist you. I finally conclude by once more wishing you all the very best from all our staff members and management. The Board of Directors are indeed very grateful and thankful to Ministry of Education and Skills Development, DTEF, BQA and HRDC for all their guidance, help, support and their confidence placed in our Institution.

Our thanks also go to all our well-wishers, parents, sponsors and stakeholders.

Le Kamoso Bagaetsho
Thank you

Mr Santosh Kumar Sharma
M.Sc., PG.D.B.A.
