1.0 INTRODUCTION

Botswana Open University (BOU) was instituted by an Act of Parliament (Act No.13 of 2017) following the transformation of BOCODOL, as sanctioned by the Presidential Directive CAB 37A of 2011. The foregoing strategic decisions were taken within the framework of the Tertiary Education Policy adopted in 2008.

The mandate of the University, as encapsulated in the Act of Parliament (Act No.13 of 2017), is to provide quality education through Open and Distance Learning (ODL) and more specifically tertiary education, professional training, open schooling and inservice programmes for the working population. ODL seeks to break down the barriers to personal career and professional development by providing flexible learning environments, enabling people to study what is relevant to their needs, at a time and place convenient to them.

BOU offerings encompasses programmes from school equivalency which comprise Junior Certificate (JC) and the Botswana General Certificate of Secondary Education (BGCSE) to the vocational, management and professional programmes at certificate, diploma, degrees and postgraduate levels.

The Botswana Open University has its headquarters in Gaborone and five campuses in Gaborone, Francistown, Palapye, Maun and Kang. Each campus serves as an administrative support center and provides learner support through the learning centres strategically located across the country.

VISION

Inspired Excellence and Present Life-Long Learning Opportunities Globally

MISSION

To Provide Inclusive Quality Education, Research and Community Engagement through Open and Distance Learning Solutions.

VALUES

- Excellence
- Student-Centeredness
- Inclusivity
- Innovation
- Collegiality

COLLEGE OF OPEN SCHOOLING

The curriculum offered by BOU at school equivalency level is the same as in the Government/Public Secondary Schools. The curriculum is examined by the Botswana Examinations Council. The courses for JC and BGCSE are as follows:

JC	BGCSE
English	English
Mathematics	Mathematics
Setswana	Setswana
Science	Human and Social Biology
Social Studies	Geography
Moral Education	History
Religious Education	Development Studies
Agriculture	Science - Single Award
Commerce & Accounting	Accounting
Commerce & Office Procedures	Commerce
	Social Studies

Tutorials for the courses are conducted at Learning Centers located in various parts of the country.

Entry Requirements

- JC: Standard 7 pass up to C for beginners and a JC certificate for upgraders
- BGCSE: JC pass up to C for beginners and a BGCSE/GCE certificate for upgraders.

Registration Requirements

- Certified copy of Omang (ID) for citizens and passport for non-citizens.
- Registration and Subject Fees. The fee structure is accessible from the BOU website at www.bou.ac.bw

Entry Requirements

- JC-Standard 7 Pass up to C for beginners and a JC certificate for upgraders.
 - BGCSE-JC Pass up to C for beginners and a BGCSE/GCE certificate for upgraders.
- Registration is done at study centres around the country during February/March every year
To enquire about the Learning Centres please call:

1. Certificate in Microsoft Office Suite (MSO)
2. Certificate in Small Scale Business Management (SSBM)
3. Diploma in Business Management (DBM)
4. Diploma in Human Resources Management (DHRM)
5. Diploma in Marketing Management (DMM)
6. Bachelor of Commerce (Human Resources Management and Industrial Relation) (BCOMHRM)
7. Bachelor of Business Administration – Leadership and Change Management (BBA-LCM)
8. Executive Master of Business Administration (EMBA)

1. Microsoft Office Suite (MSO)

This course is intended for people who would like to develop their skills in the use of computer systems and applications. Successful completion of the modules leads to the award of a foundation certificate.

Entry Requirements

- (i) Basic Computer Skills except for Microsoft Word

Programme Content

The programme has six modules which can be all taken as a package or in installments with each module taking two weeks to complete. Institutions are free to arrange for a blocked period for all the modules.

- Internet and email
- Microsoft Word
- Microsoft Excel
- Microsoft Access
- Microsoft PowerPoint
- Microsoft Publisher

2. Certificate in Small Scale Business Management (SSBM)

This is an intermediate certificate course in entrepreneurship and is aimed at developing skills and competencies in managing small businesses. Its ultimate objective is to create practical awareness of the need to manage business more effectively. The duration of the course is six months.

Entry Requirements

- (i) JC or its equivalent
- (ii) Relevant experience in business

Programme Content

- Making the business idea real
- Starting and keeping the business going
- Financing your business
- Marketing the small business
- Pricing the product/Service
- Keeping the business records
- Selling and the customer
- Finding and motivating staff
- Communication in business
- Business and the law

3. Diploma in Business Management (DBM)

The Diploma in Business Management is a professional qualification whose primary aim is to equip learners with academic and professional knowledge, as well as skills applicable to the dynamic business environment at national and international levels. The programme was developed in response to identified individual and business needs for the development of a sustainable economic growth as per national and international aspirations to provide learners with practical business-related skills that will make them useful to themselves and to the business sector.

Programme Duration

The minimum completion time is three (3) years, Maximum 5 years.

Entry Requirements

- (i) At least 4 passes at BGCSE or equivalent with credits (Grade C or better) in Mathematics and English Language, OR
- (ii) At least 4 passes at BGCSE or equivalent with Certificate in Business Management or any other Business related programme from a recognised institution
- (iii) JC plus five (5) years relevant experience and a Certificate in Marketing Management or any other Business related programme from a recognised institution

Programme Content

YEAR 1	YEAR 2	YEAR 3
Semester 1	Semester 1	Semester 1
Principles of Management (BPM611)	Business Finance (BBF621)	Leadership in Organisations (BDLO731)
Organisational Behaviour (BOB611)	Economics 2(BEC621)	Research Methods (BRM631)
Business Communication (BBC611)	Business Statistics (BBS621)	
Economics 1(BEC611)		
Semester 2	Semester 2	Semester 2
Business Law (BBL612)	Principles of Marketing (BMK6220)	Research Project (BRM632)
Principles of Accounting (BPA612)	Business Information Systems (BIS622)	Project Management (BDPM732)
Basic Computer Skills (BCS612)	Employment Law (BEL622)	
Human Resource Management (BHM612)	Taxation (BTX622)	

4. Diploma in Human Resources Management (DHRM)

The Diploma in Human Resource Management is intended to provide learners with practical work-related skills in the area of management of human resources, which will make them useful to themselves and the human resources and business sectors of the society. The programme aims to provide learners with a solid grounding in knowledge and skills about the field of human resources management by developing their professional and management competencies based on current ideas in the field of human resources.

Programme Duration

The minimum completion time is three (3) years, Maximum 5 years.

Entry Requirements

- (i) At least 4 passes at BGCSE or equivalent with credits (Grade C or better) in Mathematics and English language, OR
- (ii) At least 4 passes at BGCSE or equivalent with Certificate in Human Resources Management OR
- (iii) JC plus five (5) years relevant experience and a Certificate in Human Resources Management.

Programme Content

YEAR 1	YEAR 2	YEAR 3
Semester 1	Semester 1	Semester 1
Principles of Management (BPM611)	Human Resources Development (BHD621)	Research Methods (BRM631)
Organisational Behaviour (BOB611)	Occupational Health and Safety (BOH621)	Performance Management (BPM631)
Business Communications (BBC611)	Compensation & Reward Systems (BCR621)	Financial Management (BFM631)
Economics I (BEC611)		
Semester 2	Semester 2	Semester 2
Basic Computing Skills (BCS612)	Principles of Marketing (BMK622)	Research Project (BRM632)

Risk Management (BRK712)	Principles of Marketing (BMK722)	Corporate Governance (BCG732)	
Business Information Systems (BIS712)			

8. Executive Master of Business Administration (EMBA)

The programme complements existing MBA/MPA programmes offered in the Commonwealth to meet the demand for post-graduate management and public administration education. The main objective of the EMBA Programme is to enable students in the Commonwealth countries to obtain Master's degrees in the areas of Business Administration to enable them to contribute to their professional growth and career advancement and to their countries' development.

Programme Duration

2 years, Maximum 5 years

Entry Requirements

Admission to the EMBA Programme requires the following:

- (i) An undergraduate degree with a good standing
- (ii) A minimum of two years of relevant post-qualification experience

- (iii) A working knowledge of the English Language at the post-graduate studies level
 (iv) Where necessary, the University may require applicants to sit an admission test, and the applicant should score a satisfactory grade in the test.

SCHOOL OF EDUCATION

1. Certificate in English for Professional Purposes (EPP)
2. Certificate in Vocational Education and Training (CVET)
3. Certificate in Distance Education (CDE)
4. Diploma in Early Childhood Education (DECE)
5. Bachelor of Education - Primary (BED-Primary)
6. Bachelor of Education in Early Childhood Education (BEDECE)
7. Bachelor of Education in Special and Inclusive Education (BEDSIE)
8. Post Graduate Certificate in Quality Assurance in Education (PGCQAE)
9. Master of Education (Educational Leadership) (MEdEL)
10. Master of Education in Early Childhood and Development (MEdECD)

1. English for Professional Purposes (EPP)

The purpose of this qualification is to produce graduates with knowledge, skills and competencies to:

- Communicate effectively with colleagues and clients at the workplace.
- Demonstrate knowledge and skills of Professional English for the performance of tasks.
- Conduct basic research
- Equip professionals with a broad range of language skills essential for survival in a multicultural and multilingual society.
- Promote the effective use of language to perform the tasks and ensure success in their profession.

Programme Duration

Minimum 1 year, Maximum 2 years

Minimum Entry Requirements

- (i) BGCSE or its equivalent plus some professional training OR
- (ii) JC with at least two years' work experience/or professional rank.
- (iii) For Learners who do not meet the minimum entry requirements for the qualification, admission may be granted through;
 - (a) Recognition of Prior Learning (RPL) or
 - (b) Work experience.

Programme Content

Semester 1 (Part 1)	Semester 1 (Part 2)
Module 1: Communication Skills and Statement Writing	Module 4: Purposeful Reading and Message processing
Module 2: Investigation Procedures and Report writing	Module 5: Spoken word and Professional Speech Making
Module 3: Court Procedures and Cross-Cultural Language	Module 6: How to carry out Research and to prepare for Examinations

2. Certificate in Vocational Education and Training (CVET)

The programme aims to train professionals who lack qualifications in pedagogical skills related to teaching learning and assessment. These could be experts with knowledge and content about the subject matter. However, some lack the necessary skills to train, impart knowledge and assess training. The trainers' course intent is to close this gap, designed for instructors, training specialists and others who deliver presentations in a training environment, and for the potential trainers to demonstrate competency in developing learning materials, lesson facilitation and assessment of learners.

Programme Duration

Two Semesters, Maximum 4 semesters

Entry Requirements

- (i) Minimum Entry requirement for this programme is Certificate IV, NCQF level 4
- (ii) A Diploma/Degree in any field.
- (iii) Through Recognition of Prior Learning (RPL)
- (iv) Any one with proven competence in any vocational area through RPL/RCC assessment system, Certificate in any field with at least 3 years teaching/training experience.

Programme Content

The programme comprises nine (9) units as indicated below

Semester 1	Semester 2
Unit 1: Technical and Vocational Education and Training (ETVE511)	Unit 6: Assess Candidates Against Standards (EAC512)
Unit 2: Developing Learning Materials (EDTM511)	Unit 7: Facilitation of a Training Session (EFL512)
Unit 3: Producing a Lesson Plan (EPL511)	Unit 8: Evaluation of a Training Session (EET512)
Unit 4: Determine Training Methods & Techniques (EDTM511)	Unit 9: Evidence-based Portfolio (EPOT512)
Unit 5: Assessment and Assessment Instruments (EAA511)	

3. Certificate for Distance Education (CDE)

The Certificate in Distance Education programme is intended primarily for adults or young adults who have some experience in adult education and/or distance education who wish to develop their knowledge and skills in the field of distance education. It aims to facilitate professional development in aspects of distance education practice by enhancing personal development in Open and Distance Learning (ODL) leadership and management, decision making, problem solving, critical thinking and research.

Programme Duration

The minimum duration of the programme is one year. However, those who are unable to complete within the one year will be given an extra year to complete the programme.

Entry Requirements

- (i) Minimum entry requirement is a recognised senior secondary school leaving certificate (e.g.: COSC, BGCSE, O'level, Matric etc.).
- (ii) Candidates should have computer skills since the programme offered fully online.
- (iii) Candidates should have access to internet or have internet connectivity.
- (iv) Candidates should be a practitioner in a distance education organisation or an aspirant for the same.

Programme Content

Semester 1	Semester 2
Introduction to Distance Education (EDE511)	Management and Administration of Distance Education Organisations or Programmes at the Local Level (EMA512)
Adult Education and Adult Learners (EAE511)	Research in Distance Education (ERM512)
Learner Support Services (ELS511)	Financing Distance Education (EFD512)
Distance Education Materials (EMM511)	Portfolio (EPF512)

4. Diploma in Early Childhood Development (DECE)

The DECE programme aims to train early childhood practitioners by providing trainees with high quality preparedness on relevant issues, debates and theories relating to early childhood development and the required cultural understanding for working with young children, families and communities. The programme engages trainees with current understanding of the theory and practice in children's care and education services and develops their skills in early childhood development and education in relation to learning and development in general.

Programme Duration

- i) Three years for a BGCSE Certificate holder
- ii) Two years for an ECD certificate holder

Entry Requirements

(i) **Option 1:** NCQF Level 4, Certificate IV (BGCSE) or equivalent with a pass in English Language will study for 3 years.

(ii) **Option 2:** A holder of NCQF Level 5, Certificate V in Early Childhood Education or equivalent, with at least 120 credits will study for 2 years.

(iii) **Special Entry:** Admission may also be based on Recognition of Prior Learning (RPL), applied on a case by case as guided by the BOU RPL Policy. Candidates who do not have the minimum academic qualifications stated above but have two years relevant work experience in a related field, will be considered upon satisfying the requirements of the School's Board that might include an entrance interview.

Programme Content

YEAR 1	YEAR 2	YEAR 3
Semester 1	Semester 1	Semester 1
Child Psychology (ECP 611)	Working with Parents (EWWP 621)	Research Methods in Education (ERME 631)
Communication Skills in Teaching (ECST 611)	Curriculum and Pedagogy (ECP 621)	Managing Early Childhood Programs (ERWP 631)
Diversity and Teaching in Multicultural Class (EDTM 611)	Teaching and Learning in the Digital Age (ETLD 621)	Children's Learning Environment (ECLE 631)
IT Essentials (EITE 611)	The Arts in Early Childhood (EAEC 621)	Assessment of Young Children (EAYC 631)
Semester 2	Semester 2	Semester 2
Philosophy, Policies and Teaching (EPPT 612)	Nutrition, Health and Care (ENHC 622)	Reading and Writing for Beginners (ERWB 632)
Guidance & Counselling of Young Children (EGCC 612)	Professional Experience and Development (Teaching Practice Observation) (ETPO 622)	Research Proposal (ERP 632)
Play and Pedagogy (EPAP 612)		Professional Experience and Development and Portfolio (EPED 632)
Language Acquisition and Development (ELAD 612)		

5. Bachelor of Education - Primary (BEd-Primary)

The Bachelor of Education (Primary Education) qualification is a part-time qualification designed for pre-and in-service teacher trainees to become effective teachers and professionals who can evaluate, analyse and reflect on professional practice in primary school contexts. The programme requires teacher trainees to specialise in the following subject combinations; Sciences (Mathematics and Science), Languages (English and Setswana), and Social Sciences (Social Studies and Religious Education). The programme seeks to equip students' teachers with pedagogical knowledge on handling teaching and learning for learners in the primary contexts. The qualification has a strong research orientation to enable teacher trainees to be competent in solving literacy, numeracy, and psycho-social problems prevalent in primary schools and their communities. The qualification will contribute to human resource development in the education and training field through re-tooling and up-skilling of student teachers to achieve the national aspiration as espoused in Vision 2036 of a "Botswana society that will be knowledgeable with relevant quality education, skills as well as academic competencies 2016:20. In addition, it aims to promote the quality of teacher training in Botswana and the international space.

Programme Duration

The minimum duration for this programme is four years and the maximum is six years.

Entry Requirements

The following requirements shall apply:

- (ii) Certificate IV, NCQF Level 4 (BGCSE or equivalent)
- (iii) Diploma VI, NCQF Level 6 (DPE)

(iv) Entry application through Recognition of Prior Learning (RPL) and credit accumulation and Transfer (CAT) is allowable through Institutional policies in line with the National RPL & CAT policies.

YEAR 1	YEAR 2	YEAR 3	YEAR 4

		The Teacher as a Lifelong Learner (ETL 732)	
		Language Didactics (ELD 732)	

6. Bachelor of Education in Early Childhood Education (BEDECE)

The goal of this programme is to enable Early Childhood Education trainees to become effective practitioners and professionals who can evaluate, analyse and reflect on professional practice in Early Childhood settings. Learners will be exposed to theory, research and practice, as well as the use of technology in teaching and learning. More specifically, the programme aims to strengthen the professional competencies of practitioners by developing their practitioner understanding of the various methods and approaches of organising learning experiences in early childhood settings.

Programme Duration

B.Ed. degree is a four-year programme for BGCSE Certificate holders and a two-year programme for the Diploma Certificate holder.

Entry Requirements

- (i) Certificate IV (BGCSE) or equivalent with a pass in English Language.
- (ii) Diploma in Early Childhood Development (ECD) or Early Childhood Education (ECE) OR
- (iii) Any related diploma qualification awarded by other universities or institutions, acceptable to BOU

(iv) Special Entry: Admission may also be based on Recognition of Prior Learning (RPL), applied on a case-by-case basis as guided by the BOU RPL Policy. Candidates who do not have the minimum academic qualifications stated above but have five years relevant work experience in a related field, will be considered upon satisfying the requirements of the School's Board that might include an entrance interview.

Programme Content

7. Bachelor of Education in Special and Inclusive Education (BEDSIE)

The programme is designed to equip student teachers with knowledge, skills and competences that would promote access to relevant, high quality education for learners with Special Educational Needs (SEN). It includes the study of the diverse needs of learners in inclusive schools. Student teachers will be provided with skills to identify learners with special educational needs and select variety of differentiated strategies of teaching, assessing and managing students with special educational needs in regular classes. The student teachers will also be provided with knowledge of policies, guidelines and procedures to guide the implementation of special and inclusive education in regular schools. Hence graduates of this programme will become knowledgeable on basic planning and teaching strategies that support students' needs to learn effectively irrespective of their gender, age,

life circumstances, health, disability and stage of development.

Duration of Programme

Minimum 2- Maximum 6 years

Entry Requirements

- (i) Certificate IV, NCQF Level 4 (BGCSE or equivalent)
- (ii) Serving teachers with Diploma in Education and two years' experience will be considered and to join the program at year three.
- (iii) Candidates who do not have the minimum academic qualifications stated above but with a minimum of three years relevant work experience may be considered through Recognition of Prior Learning.

Programme Content

YEAR 1	YEAR 2	YEAR 3	YEAR 4
Semester 1	Semester 1	Semester 1	Semester 1
Communication and Study Skills (ECSS 711)	Educating Learners with Behaviour Disorders (EEBD 621)	Teaching and Learning Approaches for learners with Special Needs (ELA 731)	Inclusive Pedagogy (EIP 741)
Information Technology Essentials (EITE 711)	Instructional Methods for Learners who are Gifted and Talented (EIGT 721)	Technologies of Teaching and Learning in Inclusive education (ETT 731)	Assistive Technology for Learners with Special Needs (EAT 841)

8. Post Graduate Certificate in Quality Assurance in Education (PGCQAE)

The Post Graduate Certificate in Quality Assurance in Education programme has been necessitated by the massive increase in external and internal Quality Assurance (QA) activities in tertiary education around the world. The programme targets practising quality assurance professionals and individuals who wish to play a role in quality assurance generally, and in tertiary education contexts in particular.

Programme Duration

Minimum of 1 year and maximum of 2 years to complete the programme.

Entry Requirements

- (i) A degree in education or its equivalent
- (ii) A minimum of two years of relevant post-qualification in an educational environment.
- (iii) Computer literacy and access to internet connectivity
- (iv) Proficiency in English language

Programme Content

Year 1	
Semester 1	Semester 2
Higher Education in a Global World: The Context of Quality Assurance	Operating an External Quality Agency
External Quality Assurance	Maintaining Quality within the Institution

9. Master of Education (M-Ed) Educational Leadership

The purpose of the programme is to enhance the leadership skills and knowledge of educational leaders employed in the public school system, higher education and education related industries in Botswana, the SADC and Commonwealth. An educational leadership programme should result in a more effective and efficient education system and a more professional leadership team. It should result in leaders with the ability to manage change in their organisations move towards the vision.

The MEd in Educational Leadership programme will result in educational leaders who are visionary, results oriented and competent professionals who empower others to succeed and to lead. These leaders will champion ongoing improvements within their educational system that meets the challenges of education today and in the future.

The programme is relevant to individuals who have a degree qualification in Education/ Training and have worked in an education or related field for not less than two years.

Programme Duration

Minimum 2 years, Maximum 5 years

Entry Requirements

- (i) Bachelor's degree, preferably education related
- (ii) Experience in the education and/or training field for two or more years
- (iii) Proficiency in English, which is the language of instruction PLUS
- (iv) Computer literate with access to internet connectivity.

Programme Content

YEAR 1		YEAR 2	
Semester 1	Semester 2	Semester 1	Semester 2
Foundations of Educational Leadership	The Culture of Leadership	Curriculum Leadership	The Future of Education in the Developing World
Research Methods for Educational Leaders	Research Proposal	Leading Educational Change/ Leading Educational Systems	Major Research Project/ Dissertation

10. Master of Education in Early Childhood Development (M.Ed. ECD)

The promotion of lifelong learning has enabled today's learners to dictate their terms of study in line with the increasing demand for competency-based education. The quality of Early Childhood programmes lies mainly in the hands of a special workforce, and BOU intends to ensure the production of such a special workforce by delivering high-quality and innovative programmes that meet market demands. BOU provides innovative programmes and services attractive to its prospective students. It is a significant step towards realising Botswana's vision in 2036 of a creative and innovative knowledge-based economy. Master's Degree will produce professionally qualified skilled graduates who will deliver using effective pedagogical approaches and can work in a range of early years' related settings, with a holistic approach.

The M.Ed. ECD programme is designed to:

- Improve the competency of early childhood professionals who are visionary, result-oriented, and competent professionals to sustain nationally and globally.
- Strengthen the skills acquired in Bachelor's Degree and to be more focused in the specialised areas of early childhood thus polishing the skills needed in the global market.

Programme Duration

Minimum 2 years, Maximum 5 years

Entry Requirements

- (i) A Bachelor's degree (NCQF level 7), preferably in Early Childhood/ Child Development or any related field from a recognised Education and Training Provider.
- (ii) Special Entry: Admission may also be based on Recognition of Prior Learning (RPL), applied on a case-by-case basis as guided by the BOU RPL Policy.
- (iii) Candidates who do not have the minimum academic qualifications stated above but have five years relevant work experience in a related field will be considered upon satisfying the requirements of the School's Board that might include an entrance interview.

Learning Programme delivery modes

Learning and teaching are facilitated through online and e-delivery modes.

Programme Content

YEAR 1		YEAR 2	
Semester 1	Semester 2	Semester 1	Semester 2
Theories of Child Development and Practice (ETCD911)	Curriculum Development in Early Childhood (ECD912)	Research Methods (ERM921)	Dissertation/Research project (ERP920)
Policies of Childcare (EPC911)	Effective Practices in the Assessment and Evaluation of Young Children (EEA912)	Emerging and Empowering Emergent Readers (EER921)	
Trauma-Informed Behaviour and Resilient Learners (ETBR911) Elective	Inclusive Pedagogical Approaches for Young Children (EIP912)	Family and Diversity (EFD921) Elective	
Foundations of Educational Leadership (EFE 911) Elective		Leading Educational Change (ELE921) Elective	

SCHOOL OF SCIENCE AND TECHNOLOGY

1. Bachelor of Technology Information Systems - (B.Tech IS)
2. Huawei Certified ICT Associate Course – Routing & Switching

1. Bachelor of Technology Information Systems - (B.Tech IS)

The Bachelor of Technology in Information Systems programme is a generic Information Systems Degree. The programme aims to prepare learners for employment in the IT industry or for graduate school. The B. Tech in IS degree offers courses in Computer Hardware, Operating Systems, Computer Networks, Systems Security, Database Design & Administration, Web Programming, Visual Programming, Java Programming, Intelligent Systems, Management & Strategic Information Systems, IT Project Management and Entrepreneurship.

Programme Duration

4 years (minimum 2,5 years maximum 6 years)

Entry Requirements

(i) BGCSE / IGCSE or other equivalent secondary school certificate with a minimum grade of 'D' in five (5) subjects. These subjects must include at least a grade 'C' in Mathematics and 'D' in English Language. OR

(ii) Diploma in Computing or equivalent qualification from a recognised institution. Academic transcripts will be used to guide the level of exemption.

Programme Content

YEAR 1	YEAR 2	YEAR 3	YEAR 4
Semester 1	Semester 1	Semester 1	Semester 1
Communication for Academic Purposes (TCA711)	Software Development Models (TSD721)	Web Database Application (TWD731)	Project Part I (TRP741)
Introduction to Computing (TIC711)	Programming Fundamentals with Java (TJV721)	Human Computer Interaction (THC731)	Industrial Training (TIT741)
Introductory Mathematics (TMS711)	Database Management Systems (TDB721)	Computer Networks (TCN731)	
Semester 2	Semester 2	Semester 2	Semester 2
Mathematics for Computing (TDM712)	Data Structures and Algorithms (TDS722)	Software Project Management (TPM732)	Management Information Systems (TMI742)
Operating Systems (TOS712)	Visual Programming (TVP722)	Computer Organisation (TCO732)	Project Part II (TRP742)
Entrepreneurship Development (TED712)	Database Administration (TDA722)	Systems Security (TSS732)	Intelligent Systems for Decision support (Elective) (TIS 742)
			Strategic Information Systems (Elective)

2. Huawei Certified ICT Associate Course – Routing & Switching

This is a two-part routing and switching Huawei certification training short course.

Part 1 covers the basics of IP network connectivity, TCP/IP technologies, DHCP, Telnet, Ethernet technologies such as STP, RSTP, VLAN, Routing technologies such as OSPF for IPv4 and their implementation within Huawei switches and routers.

Part 2 covers enterprise network features and services, IP-based enterprise network security, advanced configurations of GRE, VPN, VLAN, OSPF, Enterprise Network Management solutions, support of IPv6 networks and their implementation within Huawei switches and routers.

Programme Duration

Part 1: (6 weeks)

Part 2: (6 weeks)

Entry Requirements:

- Minimum BGCSE/IGCSE
- Fundamental knowledge of Networking Concepts

Time and Venue

1730hrs – 2030hrs (Mondays, Wednesdays, and Thursdays) at the Huawei ICT Computer Laboratory, Gaborone Regional Campus.

Mode of Delivery: Instructor-led with configuration of live Routers and Switches.

For more information:

Contact the School Administrator at rmodibedi@staff.bou.ac.bw

1. Certificate in Community Based Work with Children and Youth (CBWCY)
2. Master of Science- Climate Change and Sustainable Development (MSC-CC&SD)
3. Executive Master of Public Administration (EMPA)

1. Certificate for Community Based Work with Children and Youth (CBWCY)

The programme aims at enhancing and developing participants' grounding, understanding, skills and competences required to work effectively with children, youth, families and communities in diverse contexts. In the process, students will be enabled to work towards acknowledging strengths and abilities in themselves and others in a sensitive, ethical and resilient manner across different cultural, educational and socio-economic environments.

Programme Duration

The duration of the programme is 12 months. It is offered in collaboration with the Africa Psychosocial Support Institute (APSI), a training institute of the Regional Psycho-social Support Initiative (REPSSI)

Entry Requirements

- (i) Minimum-Junior Certificate (JCE)
- (ii) Senior Secondary Certificate (BGCSE)
- (iii) Relevant work experience working with children and youth in a given organisation.

Programme Content

Year 1	
Semester 1	Semester 2
Personal and Professional Development (SPP511)	Care and Support of Children at Risk (SCS512)
Introduction to Human Rights-based Approaches & Child Protection (SIR511)	Community Development (SCD512)
Child and Youth Development (SCY511)	Service-Learning Project (SSL512)

2. MSc-Climate Change and Sustainable Development (MSC-CCSD)

The aim of this programme is to equip students with skills in climate change and sustainable development and multidisciplinary and transdisciplinary research, policy and practice necessary to produce a well-rounded, innovative and globally competitive graduates. This programme has been designed to contribute to global commitment to implement the United Nations Sustainable Development Goals (SDGs) which are a universal call for action to end poverty, protect the planet and ensure peace and prosperity for all. The programme is

intended to build capacity of its graduates to facilitate effective national, regional and global resilience to the impacts of climate change and development of low-carbon development pathways that sustainably address climate change challenges. It also addresses several other needs, including the need for capacity and skills to teach, research, disseminate information; advocacy on climate change; need for skilled managers, policy makers and practitioners on related issues such as food security, natural resources management, and environmental issues such as pollution, access to clean water and productive land.

Programme Duration

Minimum 2 years, Maximum 5 years

Entry Requirements

- (i) A minimum of two years(2) years post-qualification work experience
- (ii) Relevant and related undergraduate degree with good standing
- (iii) Computer Literacy and Access to Internet Connectivity
- (iv) A working knowledge of the English language at the post-graduate studies
- (v) Applicants who do not have the required qualification as stipulated, but who can demonstrate experiential or work-based learning at an equivalent level may be considered for Recognition of Prior Learning (RPL)

Programme Content

YEAR 1		YEAR 2	
Semester 1	Semester 2	Semester 1	Semester 2
Transdisciplinary Thinking and Skills (STR911)	Key Concepts in Climate Change and Sustainable Development (SKC912)	Agriculture, Food, Security and Climate Change (SAF921)	Climate Change and Urban Development (SUD922)
Research Methods (SRM900)	Mitigation and Adaptation in Theory and Practice (SMA912)	Climate Change and Ecosystems Services (SES921)	Research Project -Dissertation (SRP901)
		Climate Change and Social Justice (SSJ921)	

3. Executive Master of Public Administration (EMPA)

The Programme complements existing MBA/MPA programmes offered in the Commonwealth to meet the demand for post-graduate management and public administration education. The main objective of the EMPA Programme is to enable students in the Commonwealth countries to obtain Masters degrees in the areas of Public Administration to enable them to contribute to their professional growth and career advancement and to their countries' development.

Programme Duration

2 years Minimum, Maximum 5 years

Entry Requirements

Admission to the EMPA Programme requires the following:

- (i) An undergraduate degree with a good standing

- (ii) A minimum of two years of relevant post-qualification experience
- (iii) A working knowledge of the English Language at the post-graduate studies level
- (iv) Where necessary, the University may require applicants to sit an admission test, and the applicant should score a satisfactory grade in the test.

Programme Content

EMPA		Electives (Shared)
Year 1	Year 2	Year 2
Semester 1	Semester 1	Semester 1
Managing Information Systems (BMI911)	Public Policy (SPP921)	Electronic Commerce (BEC921)
Management in Organisations (BMO911)	Development Planning and Administration (SDP921)	
Managing Human Resources (BHR911)	Research Methods (BRM921)	Project Management (BPM921)
Operations Management (BOM911)	*Elective 1	Contemporary Administrative Systems (SCA921)
	*Elective 2	
Semester 2 Choice of 4 Courses	Semester 2	Semester 2
Economic Environment of Business (BEP912)	*Elective 3	Disaster Management (SDM922)
Public Systems Management (SPS912)		Policy Analysis and Implementation (SPI922)
Marketing Management (BMM912)	Research Project (BRM920)	International Marketing (BIM922)
Accounting and Finance (BAF912)		
Quantitative Techniques (BQT912)		

**Students will be advised on available electives each semester*

Short Courses

BOU offers the following HRDC recognized Short Courses .

Short Course	Duration
1. Customer Care	1 Week
2. Training of Trainers	(1 week face to face, 2 weeks Virtual)
3. Project Management	6 weeks (1 week face to face, 5 weeks Virtual)
4. Assessment	5 days
5. Moderation	5 days
6. Safety, Health and Environment (SHE)	5 days
7. Strategic Planning	5 days
8. Labour Relation	5 days
9. Youth Development	5 days
10. Leadership, Management & Governance for Health	3 months (online, self-paced)
11. Microsoft Word	2 weeks
12. Microsoft Excel	2 weeks
13. Microsoft PowerPoint	1 week
14. Microsoft Access	2 weeks
15. Internet and Email	1 week
16. Microsoft Publisher	1 week
17. Leadership Development Programmes Tailor made for:	3 - 6 months
- Youth - Academics - Middle and Lower Management - Executive and Senior Management	

LIBRARY SERVICES AND INFORMATION SERVICES

To assist students with their studies, BOU has a library network to support the distance education programmes of the University. There are libraries at Headquarters (Gaborone), Gaborone Region, Maun Region and Kang Region. BOU students in Francistown and Palapye use available public libraries

Opening Hours

BOU Libraries open Mondays to Fridays

- 0800 hrs to 1245 hrs - Mornings
- 1345 hrs to 1630 hrs - Afternoons

Membership

Membership is open to staff and learners.

- Headquarters Library Centre: 3646073/3646061
- Gaborone Region Library: 3646081/83
- Thamalakane Life-Long Learning Centre Library (Maun Region): 6865621
- Kang Region: 6517248

Fees Structure

The fee structure is accessible from the BOU website www.bou.ac.bw

BOU Headquarters Physical Address

Plot 39772, Corner Western By-Pass and Garamothhose Road, Block 6, Gaborone.
